

March 19, 2020

**To Our Valued Customers:**

**In the midst of the COVID-19 pandemic, the health and well-being of our customers and team members are a top priority as we continue to serve our communities.**

**Our four stores remain open with regular hours and we have taken the following health and safety measures:**

- **Enhanced cleaning and sanitizing efforts in all locations, with hand sanitizers at counters**
- **Removal of all play tables and demos (please ask if you want to see a demo)**
- **Instructions to team members on healthy practices, such as frequent handwashing, physical distancing, not touching faces and staying home if they feel ill**
- **Respectively requesting that customers experiencing any signs of illness refrain from coming to our stores**

**We know it is a big challenge having children out of school and at home. A game, puzzle, book, craft or science kit can keep them engaged, enriched and entertained. Allow our toy experts to make recommendations and suggestions for ways to keep children active and reduce stress for families by having as much fun at home as possible at this time.**

**We know that there will be many challenges in the coming weeks and local, independently owned businesses will surely suffer. We appreciate your patronage and support during this time. We want to continue to be here for you, your children, our team members and our communities.**

**Wishing you, your family and friends health!**

**Rob & Cherry Pickering, Owners, and the Staff at Snapdoodle Toys & Games**
